REASONS FOR ALLOWANCE

The amendment filed on July 11, 2005 has been entered. Claims 1-11 and 13 have been amended and claim 12 has been cancelled.

The replacement drawing sheet was received on July 11, 2005. The drawings are acceptable.

Claims 1-11 and 13 are allowed.

The following is an examiner's statement of reasons for allowance:

None of the prior art of record shows or suggests torque transmission system extending along a longitudinal axis for transmitting torque between a prime mover and a gearbox in a vehicle, and comprising an input shaft, at least one output shaft, a first clutch arrangement and a drive arrangement which are arranged together in the manner set forth in claim 1, and particularly wherein the input shaft is coupled to the prime mover and rotatable about a first axis of rotation, the at least one output shaft is coupled to the gearbox and rotatable about a second axis of rotation which is transversely offset from the first axis of rotation, the input and at least one output shafts extending laterally from the longitudinal axis in the same lateral direction so that the prime mover and the gearbox are located next to one another.

Nor does the prior art of record show or suggest a drive system for a vehicle having a longitudinal axis comprising a prime mover having a drive shaft rotatable about a first axis of rotation and a gearbox having an input shaft rotatable about a second axis

of rotation transversely offset from the first axis of rotation, and particularly wherein the input and at least one output shafts extending laterally from the longitudinal axis in the same lateral direction so that the prime mover and the gearbox are located next to one another as set forth in claim 11.

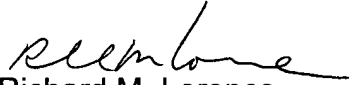

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Richard M. Lorence whose telephone number is (571) 272-7094. The examiner can normally be reached on Mondays through Fridays from 9:00AM to 5:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Charles A. Marmor can be reached on (571) 272-7095. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
